

Captive Heart

Verse

**Your heart is moving burying my fear
Purpose unfolds
My brokenness fades when eyes are fixed on You
Lead me there**

Pre-chorus

**This captive heart yields control
Your loving way consuming all
Made me alive
One desire to worship You**

Chorus

**I'm free You have overcome
I'm free in love You gave
Real hope real peace
Changing every part of me
Your love Your grace
Sacrifice that took my place**

Bridge

**At the cross I found You
Carried me into Your arms
At the cross grace stands
My life devoted to Your plan**
