

Greater Love

Verse 1

**You hold the world with mercy arms
Cradled in truth
Beneath Your strength there lies a heart
To know intimately
My soul created free**

Verse 2

**Though mistakes led me astray
Along a broken road
Where I was lost hidden in shame
Grace bridged my every need
You found and chose me**

Pre-Chorus

**In Your hands my life restored
Surrender all my fears my flaws
To be all You created me
What You saw complete**

Chorus

**Greater love no one has seen
It broke my weight of guilt resolved my soul
I am found complete and free
Greater love**

Bridge

**With one heart
With one soul
Our praise be You alone**
