

# Real Life

## *Verse*

**Give it up give it up  
Not holding back  
What You say what You say  
Is truth  
Living out what You gave  
Our faith in You**

## *Pre-Chorus*

**This is it this is real life now**

## *Chorus*

**Christ alive defining all we are  
In our lives we're shouting Your name  
In freedom we're living  
In freedom we're living**

## *Bridge*

**You took upon yourself my brokenness  
Turned my world around  
This is love beyond all i know  
Never looking back**
